

BUILD TRUST. INCREASE SALES. GUARANTEED.

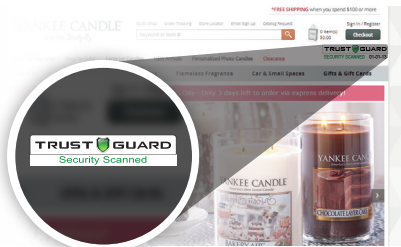

If you take credit cards, you are required to be PCI Compliant. In addition to having a SSL, credit card companies require an annual Self-Assessment Questionnaire and a periodic security scan by a top-tier company like Trust Guard.

- ✓ *We scan for more security holes than our competitors, exceeding PCI requirements.*
- ✓ *Our seals have been proven to convert more of your shoppers into buyers.*

Our **Security Scanned Seal** shows your visitors that they can purchase with confidence – knowing that your site is safe.
